

# RAKSHITHA PM

Bengaluru, India

Contact: +91 8147105917 – Email: rakshithapm.2005@gmail.com – Github: <https://github.com/RakshiRaju>  
– Linkedin: <https://www.linkedin.com/in/rakshitha-pm-a10733293>

## PROFESSIONAL SUMMARY

---

Results-driven fresher with strong communication and presentation skills, demonstrated ability to quickly grasp new concepts, and a keen interest in Artificial Intelligence and emerging technologies. Adept at collaborating effectively within teams, adapting to new environments, and contributing to organizational objectives through consistent learning and initiative.

## PROJECTS

---

### Civic Shield: AI-Driven Citizen Safety and Smart Grievance Management Platform

- Co-authored a system design proposal for an AI-driven citizen grievance and public safety platform, covering requirements gathering, gap analysis, and system architecture.
- Researched AI, NLP, and GIS applications for public safety and defined module-level specifications, including complaint classification and location-based tracking, for the proposed system.

### Plant Disease Detection Using AI

- Built a CNN-based plant disease classifier using VGG-16 transfer learning on leaf images.
- Developed an OpenCV pre-processing pipeline: resizing, HSV conversion, Gaussian blurring.
- Built disease and pesticide-residue detection using color-masking and morphological ops.
- Validated model via Grad-CAM visualization and 6 functional/evaluation test cases.

### Design And Development Of IOT-Enabled Multi-Species Food Dispensing Device

- Authored system architecture and process-flow documentation for a conceptual IoT/AI-enabled live-stock feeding system.
- Designed RFID-based animal identification and health-based dynamic feeding logic for the proposed system.
- Conducted literature review on automation and IoT applications in precision agriculture and livestock management.

## EDUCATION

---

### Nagarjuna College of Engineering and Technology

2023 – 2027

Bachelor of Engineering in Information Science and Engineering

CGPA: 7.2

### St Joseph's Convent Pre-University College

2021 – 2023

Class XII

82.67

## CERTIFICATIONS

---

- Google Cloud Career Launchpad - Cloud Engineer Track (Google,Oct 2025
- AWS Academy Graduate - Cloud Foundations (AWS Academy,20 hrs,Apr 2026)

## SKILLS

---

- Languages: C, Python, Html-Css (Elementary)
- Tools: Visual Studio Code, Power-BI.
- Version Control: Git, Gitbash.
- Domains: Cloud Computing, Machine Learning, Generative AI, AWS.
- Soft Skills: Leadership, Problem Solving, Team Collaboration, Critical Thinking, Time Management and Responsibilities.
- Hobbies: Painting, Reading.
